

@ 10:45am - which time I/m handed Clark a grievance according to "complaint of a sensitive nature" ATTN: Detention Lt. I/m ^{Moje or Heisner}

10:40 a.m. - nurse "Marie" called Aldrich to the hall w/ Clark. Before taking blood sugar count, she tells Aldrich they are concerned for her health & will have to move her to SH. Marie then took her blood sugar, it was 504 - THEN states that the high # is why she is going to SH, clearly a decision she made BEFORE the blood sugar was even taken.

- While I/m Aldrich was my roommate in CB13, she once had a blood sugar level of 500 & was NOT taken anywhere out of concern as they claim. This is clearly retaliation of some sort & unacceptable.

11:05 am - Romo & Clark & Nash came for I/m Aldrich to move to SH.

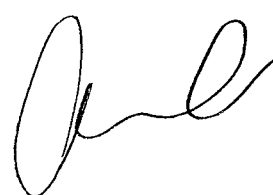

1:40 pm - The Securix video visit was @ 1:40 Clark was told & he said IF they can get the paperwork done THEN she will have her visit in SH. It was not done & more retaliation!

Aldrich in particular addressed Yvonne
administration of insulin - ^{repeatedly} hurting her.

4/11/19 Aldrich, Hills, & Aguilar re:
inhumane treatment by nurse Yvonne
4/19/19 - nurse worked CB pod again
with a smile (which was extremely
forced & uncommon).
Before A.M. - called Aldrich (chronic diabetic
chow care) for insulin shot A.M. & when
Aldrich saw Yvonne she became fearful &
stated she did not want meds administered
(painfully) by that specific nurse. I/M
showed me bruises from Yvonne. Stated
that some nurses let her do it herself &
some don't. (No study consistency).

Between breakfast

& 9:45 am - Nash, Romo & Clark were all
approached by Aldrich seeking
administration of insulin shot for
chronic care from anyone except
Yvonne. ^{nurse} Marie was seen walking in
the hall so it was an outright lie
to tell I/M Aldrich there was no one
else to admin shot. Then Clark went even
further by stating I/M has altogether refused
her care (Lie) & that she is only hurting
herself by NOT letting Yvonne hurt her.
(shamefully manipulative).
